November 2026

More Than A Decade With Us

From the very beginning, Phoenix Holding focused on building a strong supply chain and delivering certified pellets to customers, particularly in the Italian market, where trust and consistency have always been essential. Check out their story here!

Advice

We have prepared some advice for traders and consumers willing to reduce pellet bag fines. Check out our digital flyer here!

Quality Managers Training – Brazil and Chile

In November, we held in-person quality manager training in Brazil and Chile. Connecting directly with our certified companies in South America helps ensure that EN*plus*® practices and values are applied consistently worldwide.

European Bioenergy Future 2026

More than 100 policymakers, industry representatives and researchers gathered in Brussels on 18–19 November for European Bioenergy Future (EBF). Organised by Bioenergy Europe, this edition focused on how mobilising more sustainable biomass and establishing an enabling EU climate and energy framework beyond 2030 can strengthen Europe's energy sovereignty, competitiveness, and resilience.
