## Propellet Event

1 & 2 june  
2022  
NANTES

The Propellet Event is the national conference about wood pellet heating. The event welcomes professionals of the wood pellet industry to a conference and exchange on the issues of the sector. Two days to address topics related to technological advances in appliances, regulations, air quality, production, distribution, and the pellet market in France and in the world in the current context.

The Pellet Forum is a response not only to the dynamic development of Polish pellet market but also to the European and global green trend, indicating an increasing use of renewable energy sources in the heating sector.

ENplus<sup>®</sup> is partner of the International Biomass Congress & Expo, which is an events that aims to bring together leading producers, suppliers, regulators and other engaged organisations over a two day period. High-level speakers, experts in their field, will address a range of topical issues relating to the biomass sector.
