

## More Than a Decade With Us

With our new campaign, we honour the companies certified for more than a decade. Learn about the sustainability practices [of the first certified pellet producer in the Netherlands, Plospan Bio-Energy B.V.](#) as well as the local impact of [the first certified producer in Bulgaria – Pirin Pellet.](#)

---

## More than 1100 fraud cases solved

As a result of the constant efforts of our fraud management team, we hit another milestone – more than 1100 fraud cases solved as of April 2024. Learn more about how we protect the value of the certification seal [here](#).

---

## Market Surveillance Project

The ENplus<sup>®</sup> Management organised the Market Surveillance Project once again. As part of the initiative, ENplus<sup>®</sup> certified pellet bags were randomly taken from the market and analysed following the ENplus<sup>®</sup> standards. For these cases

when issues were identified, the respective companies were informed to take corrective actions

---

## Advice to certified companies

To avoid fraud and help your customers safely get in touch with you, please add your website to your profile at the Certification Platform (Radix Tree) or [send us an email](#) with additional contact information (email/telephone number) that you would like us to add to your profile on our website.

---

### Do you know?

Pellet price steadily continues to fall but has not reached yet the pre-crisis level. The average bagged pellet price in the first months of the year varied between 300 and 430 EUR/t for countries such as France, Germany, Italy, Spain and Austria.

---
