

# Monthly Update

November 2024

## Interview

Jakub Dohnal from the ENplus<sup>®</sup> certification and testing body [Engineering Test Institute \(SZÚ\)](#) reminds about the importance of testing and the benefits of quality certification. Find the [full interview here](#).

---

## Mobile Application

We launched an ENplus<sup>®</sup> application that allows you to check if a pellet supplier is ENplus<sup>®</sup> certified and therefore trustworthy or blacklisted by the scheme for fraudulent activities related to the certification. It's available for [download on Android devices](#). We are working now to make it also available on the Apple Store.

---

## Inspirational story

Jarosław Rak from the ENplus<sup>®</sup> certified producer Poli Trade Polska shares how experience and dedication made his company one of the best. Find [the full story](#)

here.

---

## Quality Managers Training

An ENplus® Quality Managers training was held in Brussels on 21<sup>st</sup> November as part of the European Bioenergy Future conference 2024. Thank you to all the quality managers from various parts of the world who attended the event.

---

## New Certification Body

BM Certification SIA is a newly listed certification body for ENplus® located in Latvia. Visit our [Conformity Assessment Bodies](#) page to see their contact details.

---

## National Support Schemes 2024

Consumers from all over Europe can apply for financial aid when purchasing pellet boilers and stoves to replace old appliances. Check out our [up-to-date interactive map with the available support schemes](#).

---

## Do you know?

Top 5 wood pellets producing European countries are Germany, France, Poland, Latvia and Sweden. All but Sweden increased their production in 2023 in comparison to 2022. You can find more information about the pellet market in [Bioenergy Europe's Statistical Report: Pellets 2024](#).

---
