

# Monthly Update

January 2025

## Perception survey

ENplus<sup>®</sup> recently conducted a survey among the certified companies to gather feedback on their experience with the scheme. A significant 78% of the participants reported that the ENplus<sup>®</sup> certification has helped them improve their internal quality management processes. Check out the [survey findings here](#).

---

## Interview

The CEO of [Cadel](#), Massimo Daruos shares insights into the advantages of modern pellet stoves, the importance of using high-quality wood pellets, and the company's expectations for the future of pellet appliances. [Read the interview](#).

## Do you know?

## Bioenergy Removes Fossil Fuels

*from the EU's energy diet*

Bioenergy  
EUROPE

ITS-POSSIBLE.EU

In 2023 the EU did without more than 17 billion liters of imported liquefied natural gas thanks to the use of wood pellets. Bioenergy Europe launched the communications campaign "[It's possible](#)" to emphasise bioenergy's vital contribution to Europe's renewable energy landscape and its potential to drive the EU's energy transition.

### **Job vacancy**

We are looking for a Certification Assistant. Find out more about [the job vacancy here](#).

---

### **Quality Managers Training**

This year, ENplus<sup>®</sup> will organise Quality Managers Training courses in Bosnia and Herzegovina, Belgium, Bulgaria, Croatia, Poland, Serbia and Slovenia. The e-learning training is available in English, Ukrainian, French and Turkish as an option for quality managers of certified companies in countries different from the aforementioned. All quality managers are obliged to pass a training within the first year of the certification and then at least once every certification period. See [upcoming events](#).

---

### **Market Surveillance Project**

The Market Surveillance Project is an initiative aiming at analysing ENplus<sup>®</sup> certified bags of pellets randomly taken from the market in order to assure compliance with the scheme's standards. The project is part of ENplus<sup>®</sup> procedures for constant quality control and is open to anyone who wants

to submit a sample of certified pellets for analysis. If you are interested in participating, contact us at: [enplus@bioenergyeurope.org](mailto:enplus@bioenergyeurope.org).
