

# Monthly Update

April 2025

## The Benefits of Certification

ENplus<sup>®</sup> brings numerous benefits to the certified companies. We've prepared a [short overview of the most important ones here](#).

---

## Interview

Inspections are a key element of the ENplus<sup>®</sup> certification. William Pscheidt who works for the certification body [Enama Servizi Srl](#), tells us more about his motivation to perform ENplus<sup>®</sup> inspections in [this interview](#).

---

## More Than A Decade With Us

The history of [Stora Enso](#) dates back more than 700 years. Today, the company is a leading provider of renewable products in packaging, biomaterials, and wood construction, as well as one of the largest private forest owners in the world. We celebrate that its pellet production plant in Imavere, Estonia has been ENplus<sup>®</sup> certified for over a decade with [this article](#).

---

## Witness Assessment

As part of the Certification Integrity Programme, this month, a witness assessment was conducted for the ENplus® certification body [SZU \(Engineering Test Institute\)](#).

---

### Do you know?

[Bioenergy Europe](#) published a dynamic data dashboard that provides a comprehensive overview of bioenergy in the EU and its member states. Explore data on the EU-27 energy system from the Bioenergy Landscape Report [here](#).

---

### Accreditation

ENplus® is now recognised the only certification for wood pellet quality recognised by the European Cooperation for Accreditation. We offer dedicated trainings to all national Accreditation Bodies, members of the EA, that are interested in providing accreditation services to Certification Bodies for including ENplus® in their scope. Interested national Accreditation Bodies can [contact us](#).

---

## Shorts

We've launched a new video series called Shorts that provides basic information about the certification to pellet consumers. Check it out on [our YouTube channel](#).

### Quality Managers Training

Date: 02/06/2025

Location: Plovdiv, Bulgaria

This training is dedicated to the quality managers of the ENplus® certified companies in Bulgaria. [Learn more!](#)

### 10<sup>th</sup> Pellet Forum & 3<sup>rd</sup> European Pellet Forum

Date: 12-13/06/2025

Location: Gdynia, Poland

The European Pellet Forum will take place in Poland in June. [Learn more!](#)
