

Monthly Update

September 2025

National Support Schemes

Consumers of pellets from all over Europe can apply for financial aid when purchasing pellet boilers and stoves to replace old appliances. [Take a look](#) at our interactive map, which shows the support schemes available in most European countries.

Market Surveillance Project

As part of the Market Surveillance Project, the ENplus[®] Management has collected randomly 43 pellet bags from various countries. The pellets were analysed by ENplus[®]-listed testing bodies according to the ENplus[®] requirements. Learn more about the [project here](#).

Interview

Earlier this summer, we had the pleasure to talk with Daniela Espinoza from [ACHBIOM \(The Chilean Biomass Association\)](#) who gave us an overview of the Chilean wood pellet market. Check out the interview [here](#).

Inspectors' Workshop

Earlier this month, an ENplus® Inspectors' Workshop was held in Brussels. We would like to extend our gratitude to all the motivated professionals who attended the event.

Do you know?

Residential consumption of pellets in Europe appears to have peaked in recent years, stabilising at around 17,8 million tonnes. Around 75% of these pellets are ENplus® certified. More information is available in the [Bioenergy Europe's Statistical Report: Pellets 2025](#).

Quality Managers Training

Date: 01-02/10/2025

The training is dedicated to the quality managers of the ENplus® certified companies. [Learn more!](#)

Training for inspectors

Date: 06-08/10/2025

Location: Vienna, Austria

The training is organised for inspectors who want to perform ENplus® inspections of pellet production plants and pellet trader facilities. [Learn more!](#)
