

# Monthly Update

April 2026

## More Than A Decade With Us

From the very beginning in 2014, the Serbian pellet producer [Sparrow d.o.o.](#) set ambitious goals: to build a stable production system, to guarantee consistent quality, and to become a trusted supplier for both domestic and international markets. Learn more about their story [here](#).

---

## Packaging and packaging waste

Some new requirements in regard to the packaging of products placed on the EU market will be enforced as of 2030 as part of the regulation (EU) 2025/40. [Here's what pellet producers and traders need to know](#) at this stage.

---

## Interview

Paweł Pawłowski from the ENplus® certified company [MMJ](#) offers insights on how the company supported the Polish pellet market during the challenging heating season. The interview can be found [here](#).

---

## Reminder

The income generated from ENplus® is reinvested in the bioenergy sector at a local level through the activities of the European Pellet Council and its members.

---

## Do you know?

Heating is one of the areas where Europe can make faster and more affordable progress on climate action, but only if it is treated as a priority. [Bioenergy Europe](#) created 3 video series to call on the European Commission to prioritise clean heat as a vital aspect of the energy transition. Learn [more here!](#)

---

## Consumer page

ENplus® has recently updated the consumer page to help pellet consumers understand the value of the certification when purchasing pellets. Check it out [here](#).

### Quality Managers Training

Date: 19/05/2026

Location: Kneževo, Bosnia and Herzegovina

The training is dedicated to the quality managers of the ENplus® certified companies. [Learn more!](#)

### 13<sup>th</sup> ENplus® Inspectors' Workshop

Date: 15/09/2026

Location: Brussels, Belgium

The workshop is intended primarily for the inspectors who perform ENplus® inspections of pellet production plants, traders', or service providers' facilities. [Learn more!](#)
