Technical Corrigendum 2 was approved by the Secretariat of the ENplus® International Management (Bioenergy Europe Aisbl).

### Page 7, Clause 2, Normative references

Add:

"ISO / IEC 17021-1, *Conformity assessment — Requirements for bodies providing audit and certification of management systems, Part 1: Requirements*"

### Page 17, clause 6.2.1a

Replace the text with the following:

"a) carry out inspection activities in compliance with ISO/IEC 17020 and this document (see 7.3.2);"

### Page 20, clause 7.3.2

Replace "b) evaluation of the company's conformity with requirements of ENplus® ST 1001; including evaluation of the company's complaint management;"

with

"b) evaluation of the company's conformity with product and process requirements of ENplus® ST 1001; including evaluation of the company's complaint management;"

c) evaluation of the company's conformity with management system requirements of ENplus® ST 1001 in compliance with applicable requirements of ISO/IEC 17021-1;"

Add:

"Note: Applicable requirements of ISO/IEC 17021-1 are those specified in 9.4.1-9.4.7 (ISO/IEC 17021-1)".

Renumber the bullet points c) and d) to

"d)" and "e)".

### Page 28, clause A.2.3

Replace the text with the following

"The scope of the **ENplus® inspection body's** accreditation shall include ISO / IEC 17020, applicable requirements of this document and other requirements against which the **ENplus® inspection body** has been assessed.

Note: The applicable requirements of this document are those relating to inspectors' competence criteria (see 6.1.3), inspection activities (see 7.3.2) and identification of non-conformities (see 7.3.4.1)."

**Page 28, clause A.4.2 and A.4.3**

Replace the text with the following

"A.4.1 For ENplus® certification bodies and ENplus® inspection bodies, the transition period for the accreditation requirements as defined in this annex is set up until 1 January 2027.

A.4.2 Until 1 January 2027, the ENplus® certification bodies and ENplus® inspection bodies can comply either with the accreditation requirements specified in the ENplus® Handbook, version 3.0, or in this annex.

A.4.3 After 1 January 2027, all ENplus® certification bodies and ENplus® inspection bodies shall comply with the accreditation requirements specified in this annex."

The world-leading  
Wood pellet certification

We are a world-leading, transparent, and independent certification scheme for wood pellets. From production to delivery, we guarantee quality and combat fraud along the entire supply chain.
